

THE WHEEL OF FORTUNE

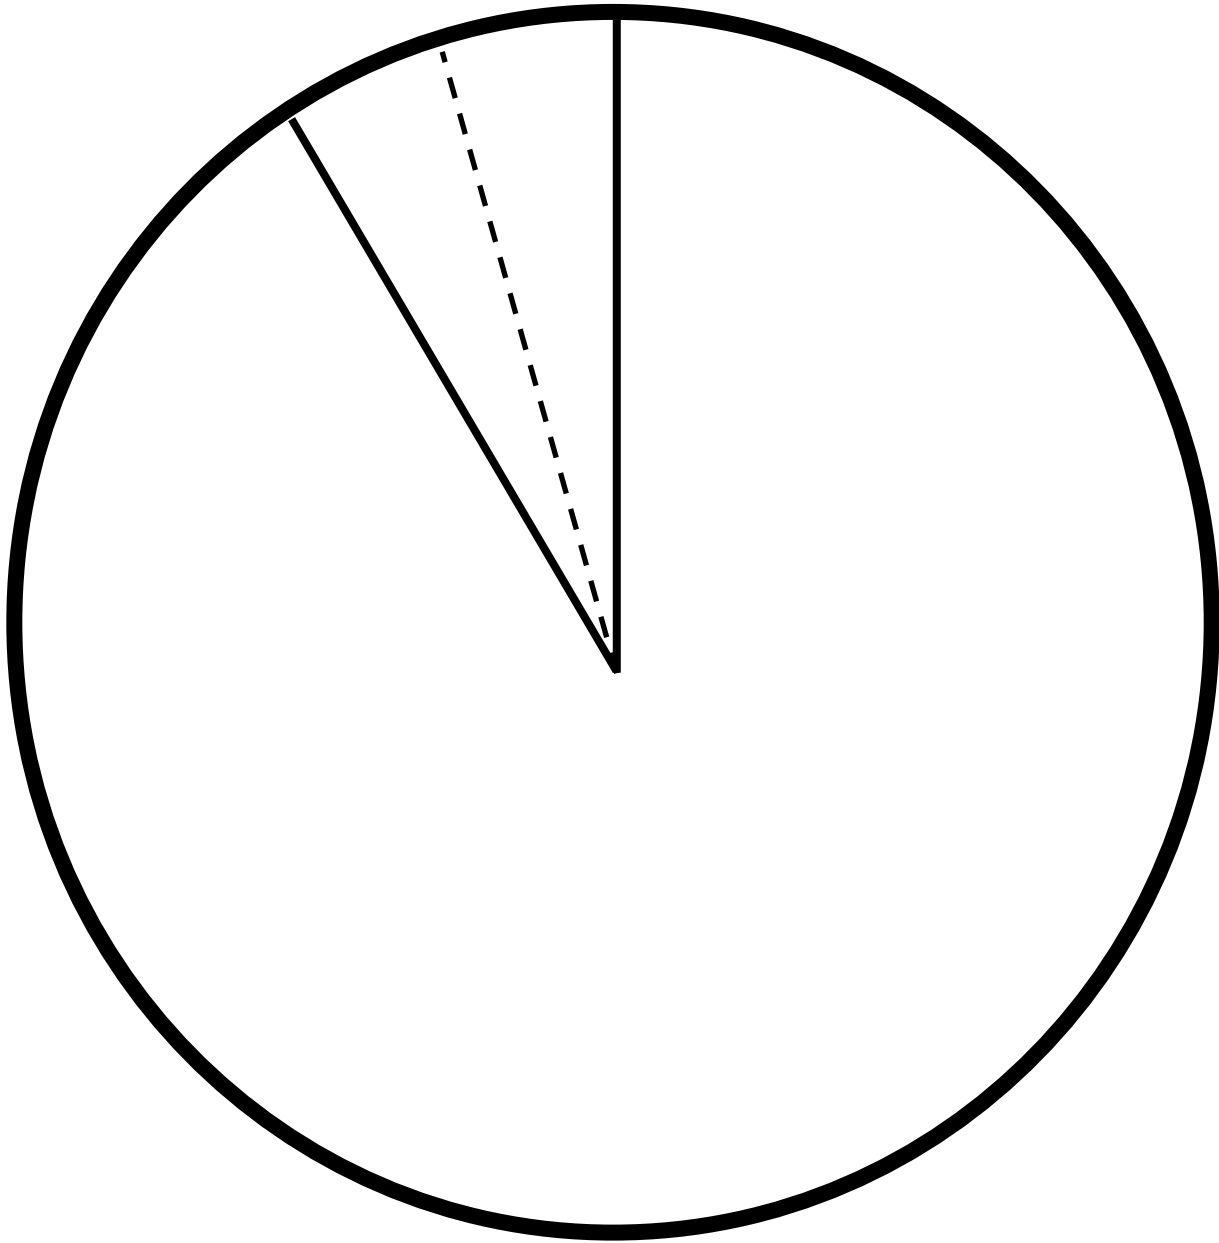

Instructions

Close your eyes. With a pin, pen, pencil, or other pointed object, select a point on the circle. Open your eyes, observe the segment of the zodiac you landed on, then close your eyes again and pick one number within that same sign. Block off the other signs if you have to first. The number you chose is your answer.

Consult the accompanying tables for the meaning.

THE MASKING WHEEL

Instructions

Cut out the wheel around the solid outer line. Then cut along the dotting line in the pie-serving shaped wedge at the top of the wheel. Fold the two flaps of the pie-wedge up along the solid lines.

When you have chosen an astrological sign for your final answer, lay this wheel on top of the Wheel of Fortune for your second pick, positioning the empty space over the astrological sign you chose in the first pick. The flaps will help you stay in position when choosing a number.
