

The Oracle of **KAZ**

Introduction

This oracle was created by KAZ, the 'Grand Master Astrologer' of SHE Magazine, a U.K. women's monthly magazine published between 1955 and September 2011. It has a binary casting structure similar to the I Ching, Ifa, and Napoleon's Book of Fate. KAZ designed this oracle for use on a practical, everyday-use level, in contrast to the more-august I Ching, which seeks to bring the inquirer into greater harmony with the universe, provoke thought, and gently guide the inquirer to possible avenues available to them. This oracle is a more direct, succinct, nuts-and-bolts, yes-or-no approach to the everyday problems which perplex you.

To Use this Oracle:

You Will Need:

- a pen or pencil,
- a pair of dice,
- one of the answer slips which appears on page 3 of this document.

Step One: take up a single die and roll. Write down the number you roll in the 'First Number' position on the answer slip.

Step Two: take up a single die and roll. If it lands with just the *one* dot face-up, write that number down as your answer in the 'Second Number' position on the answer slip. If the single die lands with any other number face-up, then take up both dice and roll them as one. Write down the resultant-number of the two thrown dice in the 'Second Number' position on the answer slip.

Step Three: Write down your question simply and clearly under 'Question:' on the answer slip, but do so using no fewer and no more than 24 letters in your question.

Step Four: Enter your question, letter by letter, in the 'Question Chart' section of the answer slip, but *in any order which your intuition directs you*, not automatically in left-to-right-top-to bottom fashion, *unless your intuition directs you to do so*. If there are more than 24 letters in your question, enter only the letters from the most important words of your question in the boxes. Enter the letters in the boxes in any random fashion you want to, until all 24 boxes of the Question Chart are filled.

Step Four: The first number you wrote down on the answer slip tells you the line you're going to use in order to derive the oracular response to your question. Find that line and translate those letters into a four-digit binary number, using the alpha-numeric chart below. Then enter that four-digit binary number in the 'Binary Answer Code Number' spaces on the answer slip.

Step Five: The four-digit binary number you wrote-down in Step Four is the category of the Oracle where your answer is to be found. The Second Number you rolled, the number between 1 and 12, is the particular number of your answer, within that binary category of answers. Fill-in the response you received in the 'Answer' section provided on the answer slip.

1. Questions concerning romance and love are favored most of all, but others will receive the benefit of positive, creative vibrations.
2. Whatever your question, the important thing is to be patient and wait until you receive positive indications that you should take action of a particular kind.
3. Someone you love will answer your question—take their advice for the most-favorable outcome. If the answer does not come as quickly as you would like, ask your question in a different way, because this may give you a clue as to the reason for the delay.
4. This oracle favors money, health, property and possessions. A disappointing answer to other questions, but aspects are altering toward benefitting you, and soon you should be pleased in many ways.
5. Influences are inclined toward favorable alterations in your life. Positive vibrations exist for those questions concerned with travelling. For all other questions, ask later in a different way.
6. Flexibility will enable you to adjust to changes in your life to your best advantage. If you are too rigid, you could lose more than you bargain for.
7. You are concerned about *many* things at the moment, and your question is lost among the confusing vibrations. Sort out your priorities and ask again later, in order of importance.
8. The oracle warns of unfavorable influences at present. Ask again, in a different way, after a noticeable change has taken place in one way or another.
9. If you can tote-up all the pros and cons, you should know where your priorities lie. However, this could be a turning-point in your life—your question will have the opposite answer from what you expect.
10. An apparently-unfavorable result in response to your question will bring you happiness. You may need more patience than usual, as it will take time for the necessary changes in your circumstances to take place.
11. The answer to your question suggests failure at first, which will later turn to great success. The influences are moving toward a favorable answer—after a time—to all questions.
12. Act now, immediately. Everything favors speed and determination, but it is important to know which direction to take, and what your eventual target is.

1 1 1 0

1. It is possible that an answer given by the oracle *now* may not be true, due to conflicting vibrations. Re-think and re-word your question, then ask again later.
2. It is likely that a disappointing answer to your question will come from an unexpected quarter. However, an optimistic attitude could bring about a happier result before long.
3. The indications are that progress will turn to failure, and happiness to disappointment. Try to deal with your problem in a different way.
4. If your question concerns the ending of a relationship or partnership, then the oracle is favorable. Any other question is receiving a negative answer.
5. What you lose on the swings, you can gain on the roundabouts, but you must be prepared to take the rough with the smooth.
6. Keep to your present course. There will be no advantage in changing it. A direct answer is 'maybe', rather than 'yes' or 'no'.
7. The answer to your question could involve arguments, burning emotions, even sadness. Why not wait awhile. Think. Then ask again in a different way.
8. Enlightenment in many things, including the answer to this question, will follow serious thought, or psychic studies and practice.
9. The vibrations around you indicate a possible loss of possessions, unfortunate journeys, frustrating contracts, and/or legal matters. If your question concerns other things, the answer is basically neutral.
10. If your question relates to emotional problems, the outlook is good. Otherwise, take care, as you may find things working against you.
11. Help someone in one way or another, as this could make all the difference to your future plans.
12. Although there is nothing wrong in being light-hearted, try to be more serious in what you are asking. Use your sense of humor on the answer, not on the question.

1 1 0 0

1. Do not delay. A favorable answer depends on speedy action, but it is no good just rushing about hither and thither. You must decide exactly the way to move before you start.
2. Good news is coming swiftly, and from close at hand. In order to recognize it though, you must be alert and aware. It is no good being wise after the event.
3. Be bold—an adventurous attitude will bring the answer you want. A word of caution though; boldness does *not* mean riding roughshod over the interests of others.
4. Due to conflicting vibrations which you have generated by the intensity of your desires, *no* answer is the *best* answer at the present time. Ask again later, in a different way.
5. You have a great deal working in your favor, and if you are wondering what to do, better act now—influences could not be better.
6. Your mind is not clear regarding what you really want, and so the oracle cannot answer your question in its present form. Change the wording, and ask again.
7. The oracle cannot tell the depth of your desire. It can only say, favorable if your desire is strong enough, failure if it is weak.
8. The aspects are favorable with regard to your question, but there is something *else* in your life which needs care. Hasty action will bring either disappointment or a form of disaster.
9. Your present outlook will change soon by a strange twist of fate. This means that your question in its present form may soon be obsolete. Wait until later and ask again, in a different way, if you still need to.
10. All you need is courage and determination in order to obtain whatever you desire. First, of course, you must know what it is that you truly desire.
11. If your question concerns love and romance, the influences are favorable. Other questions will attract a neutral vibration, which means the outcome is yet-uncertain. You should ask again later, using different words.
12. You wear a mask to hide the *real* questions that you need to ask, and someone who can penetrate the disguise you wear will give you your answers.

1 0 0 0

1. The oracle finds it difficult to give you an answer, as you are not positive-enough in what you are asking. Think—then ask again differently.
2. Whether you realize it or not, you have left this matter rather late, but as much good will come of it as is still possible.
3. Success turning to sadness. Spiritual helpers could guide you if you let them, or even a spiritually-minded person, if you are fortunate enough to find one, or know one.
4. Although you may feel drawn to some form of action regarding your question, nothing you do now will work out to your advantage. Wait until later and ask again in a different way.
5. What you are expecting will not happen, but something else more to your advantage will. Whatever happens has been ordained—you cannot fight your destiny.
6. There is no need to lose heart, as much good is on the way, but this approaching good will probably come from an unexpected or surprising source.
7. The answer to your question will depend on what you do about *one* particular thing, so it will be best for you to think carefully before you do anything.
8. In your heart of hearts, you must realize that unless some drastic changes can be made, the answer to your question can only be ‘no.’
9. Very good news is coming your way, but a pilgrimage to a shrine, church, or other sacred site may be needed before the influences around you can settle down into a more-favorable pattern.
10. There is no easy way to achieve what you desire—you must keep on trying. Patience and hard work will bring you what you want. Great success will be yours if you proceed cautiously whenever there is any doubt about what to do.
11. A friend or partner will give you good advice, and help to answer your question. Although your luck appears to be receding, this trend has already been checked, and you will soon see an improvement in every sphere of your life.
12. The only thing that will affect the present trend is the effort that you are prepared to put into bringing about the results that you want.

1 0 0 1

1. There are good influences surrounding you, which favor everything that builds-up and develops, expands and renews. Avoid, as much as possible, anything which restricts and inhibits, whether actions or words, as the vibrations of such tend to be disruptive, and antagonistic to your desires.
2. You should beware of taking anything for granted. Things that begin well may easily fail through a lack of sufficient interest. At this time, however, a bad start may well-augur a successful conclusion.
3. Someone you dislike is likely to place obstacles in your way, especially if the feeling is mutual. Influences around you will tend to bring failure or loss, unless you are particularly careful.
4. The oracle finds difficulty in deciding what it is that you are really asking. Re-phrase your question with more depth, and ask it again later.
5. If applicable to your question, a message, letter, e-mail, text message, or phone call will give you an answer or some useful advice of one sort or another. If this doesn't apply to your problem, then ask again later, using different words.
6. Things will go in your favor when you help other people more. Do nothing, and whatever has happened so far will be affected by negative vibrations.
7. At present, the influences are unfavorable on *all* levels. Take positive steps to change your actions, words, or attitudes, and ask again later.
8. A journey may be followed by a disappointment of some sort, but then the vibrations will change to move things more favorably for you.
9. Almost anything you do at present will appear to be a waste of time and effort. Try to remain optimistic, however. Wait until later, and ask your question again in a different way.
10. A favorable influence is present, if your question is connected with money, property or contracts. For all other types of questions—wait and see.
11. The oracle cannot answer your question in its present form. Review in your mind exactly what it is that you want to know, and ask again later, using different words.
12. Just be patient—there is nothing to be anxious about.

1 0 1 1

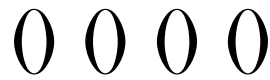

1. Be generous, loving and kinds to everyone around you, and the influences connected with your question will improve considerably.
2. Be calm and confident, but at the same time, careful. All will go well, and the aspects concerning your question will become more favorable.
3. A small loss at first, followed by a big increase. A disappointing turn of events, followed by a positive gain.
4. It will take some time for the influences connected with your question to work out in a way favorable to you, so do have patience, and trust in higher wisdom and guidance.
5. Someone who likes you, without your realizing it, will bring you a favorable answer to your question.
6. The oracle is telling you that there will be a favorable result—if you are prepared to pay the price. If action is needed, be cautious.
7. Beware the advice of other people. Some may have their own interests at heart. It is better that you should act in the way that *you* know and feel is right.
8. You will receive an answer to your question from an unexpected source. It will then be important to ask this oracle what you should do next.
9. Spiritual helpers guide and guard you. There is a favorable answer to your question on the way, but it will do no harm if you reach out and accept the help that is being offered to you.
10. Try to find someone who understands your needs, and ask them for their help. The answer you are looking for will come from this person.
11. Look for a woman who is intelligent, good-looking and witty—she will provide you with a favorable answer.
12. The future will be better than the past in every way. Whatever your question is, the answer is favorable, provided you now go forward in a confident and positive way, looking for the good in everything and everyone.

1 1 0 1

1. The oracle can only give you a negative answer at present, but changes are taking place behind the scenes. Wait until later, and ask again in a different way.
2. Almost anything you do will bring about good results, although there may be opposition from people and events in some cases
3. You can trust in good fortune to help you achieve satisfactory results, to answer your question.
4. An unfavorable result, unless firm and determined action is possible. For indifferent questions, indifferent results.
5. An old friend or relative of the opposite sex will provide the answer to your question, but this may not come just yet. You will have to be patient.
6. Something written or printed will bring you the answer you seek, but you will have to go looking for it, as it will not just fall into your lap.
7. There are opposing forces at work, and now is not the time to deal with your question in a favorable way. Wait until later, and ask again, using different words.
8. Someone you love will answer your question. Follow the advice given by this person, at least until you can see more clearly how to deal with the matter yourself.
9. You must seek elsewhere for the answer you want. This oracle cannot answer your query satisfactorily. And even if you ask again in a different way, the answer will not be of any real value to you.
10. Do not be too superficial. Sincerity in what you ask is required for a more-positive answer. Try to imagine the answer *you* would give, if you were asked the question you just asked of this oracle.
11. Set yourself a task. Perform good and helpful deeds for others for seven days, and the forces applying themselves to your question will turn in your favor.
12. Smile and say hello to someone you see every day, but to whom you never speak. This simple act may bring a happy answer to your query.

1 0 1 0

1. The outlook is *not* good, unless your question concerns giving something up, in which case—excellent! Don't be put-off by negative first impressions, though, as things may take some time to work themselves out.
2. Riches are promised for all questions about love and health—poverty for all *other* questions, *especially* those about money.
3. The greater the difficulties you encounter, the more favorable the result will be—provided you confront each obstacle with intelligent appraisal, and act in accordance with the highest principles.
4. It will take some time to achieve what you want, but you would be better off if you gave up worrying and fussing about it for the present, and turned your thoughts and attention to something else until later.
5. Take some sort of positive action about your question, then leave it to get on with itself. When you feel that some sort of positive result has occurred, consult this oracle again, using different words.
6. If love binds you, then regardless of the response you receive, the oracle advises you to take care, or you will suffer a deep hurt. For questions about other matters—moderately-good results and influences are promised.
7. Success in what you ask, if you act with love. A favorable prospect generally, although the results will be better if there is not too much self-interest involved.
8. You have latent psychic strength and power, and provided you allow your intuition to guide you, you can yourself exert *great* control over your destiny.
9. As matters stand at the time of asking, there is a great risk of failure, disappointment or loss, except in matters concerning health. Give the vibrations time to change their patterns, and ask again later in a different way.
10. Anything concerning love, friendships, partnerships, and possessions is well-favored. All other questions are likely to be influenced by failure or restriction.
11. Do not concern yourself too much over this matter, as your problem will soon be resolved to your satisfaction.
12. Stubbornness may be all very well in *some* circumstances, but in *this* case, the result for you could well be sadness or loss, if you continue on your present path.

1. Good influences are at work for questions concerning friendships, love or marriage. For other questions, the influences are *not* so good at present, so wait awhile and ask again later.
2. You will soon learn something which will enable you to answer your question yourself.
3. Be patient. There is nothing to worry about. Questions involving decision-making are well-favored, although this oracle is not giving you an answer as to what your decision should be. Just keep in mind that the *best* choice is the one that will bring you the greatest happiness.
4. The answer to your question, given by a good friend, will surprise you. Look for the best in the answer they give you.
5. What you are asking about is *not* the most important thing in life. Do not worry about it so much. Conduct a self-examination to discover your truest and deepest desires, and then ask questions concerning these.
6. This is a time of reversals. Whatever your question, the indications are that failure will turn to success, and disappointment to happiness. (Editorial note: of course, if things have been looking great lately, then prepare for a possible unexpected down-turn).
7. Time will tell. If you are not satisfied with this answer, then wait until later and ask again, in a different way.
8. Someone you dislike has the answer to your question. You must change your attitude toward this person if you want to know it. And this could affect your life considerably, and in more ways than one.
9. A letter, e-mail or text message will bring you the answer you seek. If this is not applicable to your question, then ask later in a different way.
10. The Yin/Yang principle of Taoism is at work here. Male influences will be good, female influences will be restricting.
11. Are you being honest? The oracle does not consider that *this* is the question you really want to ask. Think again; and ask more sincerely when you know what it is you really want out of life.
12. Almost any move you make now will have favorable results, but inactivity for too long will cause *everything* to stagnate.

0 0 0 1

1. This oracle discerns that you are somewhat impatient now, because things are not exactly as you wish them to be. Keep a clear picture of what you desire in your mind, and it will be drawn to you.
2. Although you need guidance now, you may look forward to much happiness in the future. For the present, if you have to choose between money or love, choose money. You can ask about love later.
3. Whatever happens, keep a low-profile. The more you argue, criticize or complain, the further-away a favorable answer becomes.
4. Be careful in dealings with the opposite sex. A flexible attitude in other respects will carry you nearer to your longings. There is an obstacle to that which you desire. It may be your own attitude.
5. Before you do or say anything more, think about the real meaning of your question. Are you prepared for what might happen? If so, go ahead. For questions this response does not answer—wait.
6. Look for the best in life, in order to make the most of any lucky breaks that come your way. Abandon the old and adopt the new.
7. Do not attempt to use psychic or occult methods to get what you want. The result will be unfavorable, until you change your basic outlook on life—and give as well as receive.
8. Do not discuss your question or problem with anyone else, and before long, everything will begin to go in your favor.
9. Occult knowledge and wisdom are needed to answer your question. Study, or ask one who knows. It would be most-unwise to try to sort-out your problem by yourself, however, unless you know what your are doing. Dabbling in psychic or occult matters can lead to greater troubles still.
10. Be strong and firm in dealing with others, and you should obtain what you desire. Be strong with yourself as well; you are sometimes your own worst enemy.
11. Although the basic influences are good, there are some areas of conflict to be dealt-with before what you want can come to you. Ask your question again later, but in a different way.
12. If your question is trivial, then you will get what you want, almost without effort. If your question is important, then apply the laws of magick—Know, Will, Dare, Keep Silent. *Then* you will obtain that which you desire.

0 0 1 1

1. Consult someone with expert knowledge to help you find the answer. Remember though, the best advice in the world is of *no* use, unless you act upon it.
2. What now seems good will be disappointing. What now seems disappointing will turn out to be good.
3. You will eventually gain in some way, but not necessarily having to do with your question as it is now. Be patient.
4. If you are kind to those around you, a favorable answer and a smooth path lies ahead. Kindness modifies the flow of creative cosmic energy around you, and removes the sharp peaks of conflict and antagonism.
5. Your ideas are good, and will meet with success, provided you do something positive about them. Whatever your question, the outcome is becoming favorable.
6. Many things are changing, even as you read these words. Ask again, in a different way, later.
7. Calm down, be patient, all will be well. If you act, act slowly. All that will result from rushing into action will be frustrating opposition, and the reverse of what you desire.
8. There are problems ahead, but everything turns out well if you sit down quietly and work out, step-by-step, the things you know you must do in order to achieve your desires.
9. This oracle is pleased to announce a surprise, and one which will work out in your favor for *quite* a while.
10. An older partner, companion or friend will help you obtain a favorable answer to your question. It will then be up to you to use this favorable answer to your advantage.
11. Success often waits hidden beneath the mask of failure, so do not go by first-appearances, if these disappoint you. Wait for the more-favorable influences to reveal themselves, for they will.
12. A good deal of what happens to you will depend very much on what you do to others. Spread love and peace everywhere, and your question will be answered with happiness and joy.

0 1 1 1

1. All the influences are good or encouraging, and if your question can be answered with a yes or no, then it's yes, yes, yes!
2. The influences connected with your question are good, but you may have to exercise patience. Turn your mind to something else for a while.
3. All the paths that are open to you, in answer to your question, are well-favored, and you may take whatever course of action that appeals to you most, but whatever you do, don't waste opportunities.
4. The vibrations and influences are very favorable if you can avoid clashing with the ideas of someone else. Be tolerant, loving and forgiving as necessary.
5. A favorable result will follow a short journey, or perhaps a slight revision of your basic ideals and beliefs. Be a little more positive.
6. If your question concerns love and romance, then the influences are very good. Other questions should be re-phrased and asked again later.
7. You seem to be blocking the realization of your desire by worrying or talking about it too much. If you can *act* more, and worry and talk *less*, you could soon receive what you want.
8. Surely there are more important questions you could ask. Review your thoughts and see if you can turn them in a more rewarding direction.
9. Someone who loves you or is very fond of you will help you get what you want. However, love is a two-way street, and you must give love as well as take it.
10. A favorable answer to your question depends on your reaction to what happens in the next few days.
11. If you believe in guidance from Higher Spiritual Levels, then your question will be answered very favorably.
12. Try to avoid hasty action, because if you are not positive-enough, the result may cause unhappiness. It would be wise to ask again later, in a different way.

0 1 1 0

1. Your thoughts are strongly-influencing events. If you expect a favorable result, then it will be favorable. If you expect disappointment, then that will probably be the result.
2. Negative aspects are turning to positive ones; sadness, if any, to positive ones. You will probably find the outcome is to your liking.
3. If your question concerns money or property, then the outlook is favorable. For all other questions, the influences are a mixture of good and not- so-good, so you will need to weigh-up your options carefully.
4. If your question concerns health, either yours or another's, then care is needed. Otherwise, the prospects of success and satisfactions are favorable.
5. Any form of speculation needs particular care, as the influences are not favorable. In fact, the more care you take, whatever your problem, the better will be the result.
6. Be very positive, but proceed with caution. If you are patient and do not hurry, the aspects will be most favorable.
7. Examine your question carefully, and the reasons for it. If you can change your present attitude in some way, then all will be well.
8. There is loss, disappointment and unhappiness ahead, unless you can somehow make the answer what you want it to be.
9. Something is likely to be lost, whatever else happens. It may be possible to soften the blow by asking about this matter again later, in a different way.
10. If the question you are asking about concerns love and romance, or friendship and companionship, then the influences are favorable. The vibrations are not so good with regard to other questions, however.
11. Be firm, take a positive attitude, and keep to your present course. This will mold the forces around you, so that all should go well.
12. Be careful, lest you become so deeply-involved with the subject of your question, that you fail to take into account all the *other* paths which are open to you. A one-track mind could result in unhappiness.

0 1 0 0

1. This oracle is seeing an unfavorable result, whatever your question is. Examine your motives carefully, and wait until later to ask again, and in a different way.
2. If your question can be answered with a yes or a no, then the oracle is saying 'no.' If your question requires a different kind of answer, then you are advised to be very cautious in all that you do, and ask again later.
3. You are pushing-out some very strong vibrations, suggesting what you would like the oracle's answer to be. Consequently, any answer is likely to be incorrect for the time-being. Calm down, re-word your question, and ask again later.
4. Your question is stirring-up some very energetic action in one way or another; perhaps, strong, even *heated* words. If this possibility does not appeal to you, then do not act now in any way at all, and ask again later, in a different way.
5. The omens are favorable if your question concerns friendship, love or a developing relationship. The omens are not so favorable concerning other matters, although there are no strongly-antagonistic vibrations.
6. Although something apparently-favorable is coming your way in connection with the subject of your question, this may not result in lasting happiness.
7. There are favorable undertones at work for questions concerning health. There may be disappointing undertones at work, if your question is concerned with other matters.
8. What you do or say in the next four days will decide the answer for you, but be very careful. The general outlook is *not* favorable.
9. You are standing on shifting sands, and the prospects are not at *all* favorable. Try to base your plans for the future on firmer ground. Then ask again, from a new or adjusted point-of-view.
10. Because the ebb and flow of cosmic forces in your life is not being used to its best advantage, practically anything this oracle says to you now will be wasted. Review your motives, then ask again later.
11. The harder you try, the greater the resistance. Relax and be patient, have faith, and all will begin to move the way you want it to.
12. This is a time for caution. All is not well, by any means, and the oracle advises you to be careful in whatever way you choose to proceed.

0 0 1 0

1. Someone can help you with an answer—if you will let them. Do not resist. You can still retain your independence if you do not agree with what is being said.
2. The future will be better than the past. Whatever answer to your question you would like it to be, so it will be.
3. Your question will be favorably-answered. All influences are good, but keep moving forward; don't stagnate.
4. There are favorable influences at work, provided you avoid all arguments with other people.
5. You have great psychic potential. You should be able to answer your own question from your inner-wisdom. Sit quietly, meditate, and let yourself go with the flow. The answer will likely come to you by this means.
6. A pleasant surprise! You should enjoy unexpected happiness.
7. You are being guided along the paths which will lead to your ultimate welfare and happiness. Do not concern yourself about the answer at present, for all will be well.

12. Happiness, success, and the answer you want; that is what the oracle foretells for you. Whatever your question is, the outcome is extremely good, but it is not enough to just sit back and wait for good fortune to fall in your lap. Even a miracle needs a hand!

7. Whatever the circumstances are at present regarding your question, the indications are that everything will soon change for the better.
8. This oracle sees some sorrow, some joy, and then an apparently-unfavorable conclusion, which could, if you do not accept it as final, be turned to your advantage.
9. Any action which you take now will have a satisfactory result, but the key word here is 'action.' Nothing will change in your favor if you just wait for something to happen.
10. Although the aspects are good for all questions which are not motivated by malice or ill-feeling, money queries will receive particularly-good vibrations.
11. If you really know, honestly and truly, what it is that you desire when you ask your question, then keep a positive mental attitude, and you will get what you wish for.
12. The vibrations are not running in your favor right now, and anything you do or say is likely to bring disappointment.
