# The Four Elements Wheel of Fortune

Earth

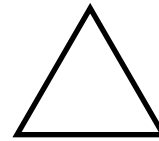

Water

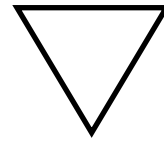

Focus your mind on a specific aspect of your life. Then let your intuition guide you to one of the elemental symbols around the circle. Make a note of that symbol, then choose a number between 10 and 20 (inclusive) and trace your finger along the lines in a clockwise direction that many times until your end at the next symbol. Make a note of that next symbol, then choose *another* number between 10 and 20, and trace your finger in a clockwise direction that many times until you arrive at a third symbol. Note that symbol, then check the glossary of meanings on the following pages for the meaning of your three-symbol set.
