

Psychic Feeling ~ Advantages & Disadvantages

Advantages

- The most natural of the psychic senses
- The easiest of the psychic senses to develop
- Best psychic sense for discerning & interpreting subtle energy patterns
- Best psychic sense for monitoring personal protection & safety
- Best psychic sense for empathizing with others

Disadvantages

- It's the hardest psychic sense to turn-off or shut out
- It's the hardest psychic sense to maintain a sense of detachment from the situation
- It's the psychic sense which most-easily picks up on others' negativity

High in Psychic Feeling ~ Personality Traits

Strengths

- The most sensitive to the feelings of others
- They keep life & work feeling comfortable & livable
- They are 'people' people who give of themselves sincerely to others
- They are flexible, & best at adapting in order to keep everyone happy
- They trust their feelings, & can *feel* when something is not right
- They are best at sensing subtle feelings
- They are the best huggers

Weaknesses (Or, things to be aware of)

- Prone to pick up other people's feelings, both good & bad
- Prone to being easily psychically-overloaded
- Can become over-emotional, or easily overwhelmed by feelings
- Can have trouble being on-time, or meeting deadlines
- Very susceptible to being hurt by rejection
- They go for comfort more than style in their clothes or home furnishings
